

Prayers of Care Inc

Leadership Meeting — Agenda and Minutes

CARF Community Integration (BH) Binder — document MTG-01

DRAFT — a reusable template. Every date and every score ships blank.

Nicky Ingram, Chief Executive Officer / Owner
Completed once per leadership meeting — minimum monthly
Evidence for LEAD-01 sections B, D, E, F and G
Status: DRAFT — not yet adopted, not yet effective
Prepared with Successful Solutions

Document ID	MTG-01
Version	Draft 1
Status	Draft → Approved → Trained → In use → Tested → Monitoring *(circle the current state)*
Document type	Reusable template — one copy completed per meeting
Owner	Nicky Ingram, Chief Executive Officer / Owner
Approval date	_____
Effective date	_____
Review interval	Annually
Next review due	_____
Legal entity	Prayers of Care Inc
NPI	1043895022
CARF area served	1.A Leadership (p.31) — evidence for LEAD-01 sections B, D, E, F and G
Parent document	LEAD-01 Leadership Policy
Consultant	Successful Solutions (Tom Garner) — consultant only; not an officer or employee of Prayers of Care Inc

Confirmed: owner-operated, no board at this time · owner plus 4–10 staff · already serving people

· **no medication management offered** · no faith-based activity offered.

Purpose

LEAD-01 says leadership meets **at least monthly**, keeps an agenda and written minutes, and tracks actions to closure. This template is how that actually happens. It turns the promise in the policy into a piece of paper a surveyor can hold.

Prayers of Care Inc has **no board of directors**. That makes these minutes more important here than they would be at a larger agency, not less: together with the **Decision Log in LEAD-01 section G**, they are the entire written record that the corporation is being governed by someone. If a month has no minutes, that month has no governance record.

How to use this template — step by step

1. **Before the meeting.** Print or copy Part 1. Fill in the meeting date, time and place at the top. Add anything under item 8 that is specific to this month.
2. **Send it out.** Give the agenda to whoever is attending at least one day ahead, so nobody arrives cold.
3. **During the meeting.** Work down the agenda in order. One person writes in Part 2 as you go — not from memory afterwards.
4. **Start with last month's actions.** Part 2 section C is first for a reason. Every meeting opens by asking what happened to the things you said you would do.
5. **Every action gets a name and a date.** An action with no owner and no due date is not an action, it is a wish. The columns are there to stop that.
6. **Decide what goes in the Decision Log.** Before you close the meeting, look at section E and the rule in section H below. Anything that qualifies gets copied into LEAD-01 section G the same day.
7. **After the meeting.** Send the draft minutes to everyone who attended. Give them a short correction period, then finalise, sign in section I, and file per section J.
8. **File it.** Same folder, same naming, every month. Minutes you cannot find at survey are minutes you did not keep.

Do not write names of persons served in these minutes. Leadership minutes are an administrative record, not a clinical one, and they get handed to surveyors, auditors and sometimes payers. Refer to a person by **initials or record number** — "incident involving client # ____" — and keep the detail in the incident report or the service record where it belongs. This is one of the easiest findings in the manual to hand a surveyor for free.

Rules this template enforces — from LEAD-01

Rule	Where it comes from	How this template carries it
Leadership meets at least monthly	LEAD-01 B.1	Section A records the month; section B records a month not held, and why
Every meeting has an agenda and written minutes	LEAD-01 B.2	Parts 1 and 2
Minutes record who attended, what was decided, who is responsible, by when	LEAD-01 B.2	Sections B, E and F
Six standing review items every meeting	LEAD-01 B.3	Agenda items 2–7, repeated in the minutes
Actions tracked to closure	LEAD-01 B.4	Section C carries prior actions forward until closed
An action carried unchanged across three meetings is re-assigned with a new date or formally dropped, with the reason recorded	LEAD-01 B.4	The Meetings carried column in section C, and the rule printed beneath it
Minutes retained a minimum of three years	LEAD-01 B.5	Section J
Decisions a board would have minuted go in the Decision Log	LEAD-01 A.4 and G	Section H, and the tick box in section E
Owner's conflicts of interest disclosed and recorded	LEAD-01 E.3	The conflict column in section E

Part 1 — Agenda

Prayers of Care Inc — Leadership Meeting

Meeting date	_____
Start time / end time	_____ / _____
Place, or video link	`[FILL IN]`
Chair	`[FILL IN — normally the CEO / Owner]`
Minute taker	`[FILL IN]`
Agenda sent to attendees on	_____

When the chair must be someone else. If the meeting is going to discuss a complaint about the CEO, the CEO's own performance, or a decision in which the CEO has a personal or financial interest, the CEO does not chair that item. It is chaired by the independent person named in ETH-01, and the minutes say so. A meeting where the person being discussed runs the discussion is not a control, and a surveyor will say so.

#	Item	Lead	Time
1	Welcome, attendance, and approval of the last set of minutes		
2	Review of actions from the last meeting — every open action, one by one		
3	Performance and quality data — the measures, against target, and the trend		
4	Critical incidents since the last meeting — what happened, what was done, what changed		
5	Grievances and complaints — received, resolved, still open, and any pattern		
6	Staffing, vacancies and supervision — including training and credential expiry		
7	Progress on the improvement plan — and on accreditation preparation		
8	Other business for this month: `[FILL IN]`		
9	Decisions to record, new actions, next meeting date, and close		

Items 2 through 7 are standing items. They are on the agenda every single month whether or not there is news, because "nothing to report" is itself a finding you want in writing. If there were no grievances this month, the minutes say **no grievances received this period** — they do not go silent.

Part 2 — Minutes

Prayers of Care Inc — Leadership Meeting Minutes

A. Meeting identification

Meeting date	_____
Start time / end time	_____ / _____
Place, or video link	_____
Chair	_____
Minute taker	_____

Meeting date	_____
Period this meeting covers	_____ to _____

B. Attendance

Name	Role	Present / Apologies / Absent
Nicky Ingram	Chief Executive Officer / Owner	
`[FILL IN]`	Program Supervisor	

Meeting not held this month? Do not leave the month blank. Complete this line instead, file it in the same folder, and carry every open action into the next meeting:

Month with no meeting	Reason	Approved by	Date the next meeting was held
-----------------------	--------	-------------	--------------------------------

C. Actions from the last meeting

Copy every action that was still open at the last meeting into this table before the meeting starts. Work down it as agenda item 2.

#	Action	Owner	Due	Meetings carried	Status: Done / In progress / Overdue / Dropped	Evidence, or what is holding it up
---	--------	-------	-----	------------------	--	------------------------------------

The three-meeting rule (LEAD-01 B.4). If an action reaches **3** in the *Meetings carried* column and nothing about it has changed, it cannot simply roll over again. At this meeting it is either **re-assigned** — new owner, new due date, recorded here — or **formally dropped**, with the reason written in the last column. Both outcomes are honest. A fourth silent rollover is not.

D. Discussion — standing items

Write what was actually said and what the numbers actually were. "Discussed" is not a minute.

Agenda item	What was reviewed, and what it showed
3. Performance and quality data	
4. Critical incidents	
5. Grievances and complaints	
6. Staffing, vacancies, supervision, training and credentials	
7. Improvement plan and accreditation preparation	
8. Other business	

E. Decisions made at this meeting

#	Decision	Why — the reason, in one line	Who was consulted	Conflict of interest declared?	Goes to the Decision Log? (see H)
					☐ Yes ☐ No
					☐ Yes ☐ No
					☐ Yes ☐ No

If no decisions were made, write **"No decisions made at this meeting"** on the first line rather than leaving the table empty.

F. New actions

#	Action	Owner	Due	How we will know it is done
---	--------	-------	-----	-----------------------------

Every row needs a name in **Owner** and a date in **Due** before the meeting closes. "The team" is not an owner. "ASAP" is not a date.

G. Parking lot — raised, not decided today

Things that came up, matter, and are not for this meeting. Each one needs a date by which it comes back, or it will simply be lost.

Item	Raised by	Why it is parked	Comes back to the meeting of
------	-----------	------------------	------------------------------

H. Decision Log check — do this before you close

Prayers of Care Inc has no board, so LEAD-01 section G requires a **Decision Log**. These minutes do not replace it. Tick each one that came up today; every ticked line is copied into the LEAD-01

Decision Log **the same day**, with the supporting document filed.

- ☐ A policy was adopted or changed
- ☐ The budget was approved or changed
- ☐ A payer contract was taken on, changed or ended
- ☐ A leadership role was created, filled or ended
- ☐ The services offered were changed — added, stopped, or the people served changed
- ☐ A serious incident was responded to, or something changed because of one
- ☐ The Owner had a personal, family or financial interest in a decision
- ☐ **None of the above came up at this meeting**

Copied into the LEAD-01 Decision Log by	Date copied

I. Approval of these minutes

Draft minutes sent to attendees on	_____
Corrections received by	_____
Minutes approved at the meeting of	_____

Role	Name	Signature	Date
Chair	_____	_____	_____
Minute taker	_____	_____	_____

Approval when only one person attended. In a small agency there will be months where the CEO is the only person in the room. Do not manufacture a second signature. Write "**Owner only — no other attendee**" in the attendance table, sign as chair, and move on. A surveyor accepts a small agency being small. A surveyor does not accept a signature from someone who was not there.

J. Filing and retention

Filed in	`[FILL IN — folder path, e.g. 15-Evidence-Logs\Leadership-Minutes]`
File naming	`Leadership-Minutes_YYYY-MM.pdf` — year first, so the folder sorts by date on its own
Retention	Minimum three years (LEAD-01 B.5). Check the payer contract and NC record rules; if either is longer, the longer period wins
Who can access	`[FILL IN]`
Backup copy held	`[FILL IN — second location or cloud]`

What a surveyor will ask

They ask	They are testing	What has to be true
"Show me twelve months of leadership meeting minutes."	LEAD-01 B.1 — that leadership meets, not just exists	Twelve files, in order, no silent gaps. A month not held is recorded and explained
"Pick this one. What did you decide, and what happened next?"	Whether actions close	The decision in section E, the action in section F, and the same action closed in section C of a later month
"You have no board. Where is the record of your major decisions?"	1.A governance for an owner-operated corporation	The LEAD-01 Decision Log, with entries traceable back to these minutes via section H
"What does your quality data show, and what did you change?"	That data reaches leadership and changes something	A number in section D, then a decision or action that came from it
"Was there a meeting you missed?"	Honesty and self-monitoring	The not-held line, completed — far stronger than an unexplained gap
"This action has been open for five months."	LEAD-01 B.4	It was re-assigned or dropped at meeting three, and the minutes say which
"Who chairs when the meeting is about you?"	Independence, and 1.J	The independent person named in ETH-01 — and the minutes show it happening

They ask	They are testing	What has to be true
Asked of a peer specialist : "how do problems you raise reach leadership?"	Whether the culture matches the policy	Their answer matches these minutes, and something they raised appears in one

Common ways minutes fail a survey

The defect	Why it fails	What this template does about it
Minutes are an attendance list plus "discussed"	Shows a meeting happened, not that leadership led	Sections D, E and F force content, decisions and owners
Actions with no owner or no due date	Nothing can be tracked to closure	The Owner and Due columns are required before closing
Actions that roll over forever	Looks like leadership has no follow-through	The Meetings carried column and the three-meeting rule
Gaps of two or three months	Reads as leadership stopping	The not-held line makes the gap deliberate and explained
Decisions minuted but never logged	With no board, the governance record is incomplete	Section H, checked before the meeting closes
Names of persons served in the minutes	Confidentiality finding, handed over for free	The notice in "How to use this template" — initials or record number only
Minutes written weeks later from memory	Detail is gone, and it shows	Step 3 — written during the meeting
Minutes signed by someone who was not there	Undermines every record in the binder	The approval note in section I

Still needed before MTG-01 can be adopted

- Program Supervisor's name, for the attendance table
- The folder path where minutes are filed, who can access them, and where the backup lives
- The independent person named in ETH-01 — needed for the chair rule when the meeting concerns the CEO. **This is the same blocker that currently stops ETH-01 being adopted**
- Confirmation of the record retention period in the payer contract and under NC rules, if either exceeds three years

Annual review record

Review due	Completed (date)	Reviewed by	Changes made, or "reviewed, no change"	New version
------------	------------------	-------------	--	-------------

Adoption

Role	Name	Signature	Date
Chief Executive Officer / Owner	Nicky Ingram	_____	_____
Program Supervisor	[FILL IN]	_____	_____
